DOMINIONS PLEDGED TO CAUSE OF TRADE WITHIN THE EMPIRE

Spirit of Mutual Helpfulness Is Keynote of Great Conference That Opened in London Yesterday—Seek for Practical Means for Development of Commonwealth

Disarmament Problem to Be One Of Questions to Be Considered

LONDON, Oct. 1.—The self-governing nations of the British Commonwealth pledged themselves today to the cause of Empire trade. Throughout the speeches which marked the opening proceedings of the Imperial Conference the ever-recurring note was desire to co-operate, to meet the common problem with common action.

"I should like to make this conference another turning point in the wonderful history of our people," exclaimed Prime Minister Ramsay MacDonald in a radio broadcast tonight. "Our weakness," he continued, "is in our psychology far more than in our skill, our material or our resources. It is a renewal of will that we need."

CO-OPERATION KEYNOTE
"What we have to consider," said the British Prime Minister, in opening the conference, "is, I would suggest, what practical means we can devise for helping one another, and thereby helping us all, always remembering the different world contacts and internal industrial circumstances to which we have to accommodate ourselves."

The conference, for the first time, met in the great Locarno room of the Foreign Office.

"At this table," said Great Britain's Prime Minister, "are the shades of many great men and of many great events which are shrouded in a history common to us all. They do not receive from us all the same welcome or the same homage. But there are, in the time, their aspects and their results smoothed and mellowed by the passing of the years and by the progression of the pageantry of history which is now our inheritance for good or for ill."

SEEKING SURE WAY
"We are still in the flesh, with fate or destiny, still unwritten. Regarding us, who have to live and plan for the future, we face a world still unsettled; beyond us is a prospect of intangible fears, set purposes, unhappy suspicions, firm convictions, numbing experiences and yet defiant idealism, and it is our lot to try and find a sure way amidst the confusions—a way which will help us to live and to prosper, because we are inspired in our deliberations by the spirit of

ALARM CAUSED BY ERUPTION OF VESUVIUS

Volcano Throws Burning Rocks 300 Feet in Air—Inhabitants Aroused

TWO FOUNTAINS OF LAVA ARE PRODUCED

NAPLES, Oct. 1.—The volcano Vesuvius burst into eruption tonight, throwing burning rocks 300 feet into the air and arousing the inhabitants for many miles around. The director of the Vesuvius Observatory said there was no immediate danger from the lava flow, but the people continued to maintain a watchful attitude late into the night.

Shifting of the crater about sixty feet produced two fountains of lava, which cast flaming streams into the sky.

Thousands of Neapolitans and foreigners gathered on the neighboring hills to watch the progress of the tremendous display of the eruption.

Vesuvius has been more or less disturbed since early in the summer. On July 11 a great stream of lava overspread the whole western zone of the crater, but did not spill over the edge. This continued for several days. Reassuring statements were issued from the observatory, and although the increase of lava flow became marked and a spillage was feared, the eruption did not progress. In August Vesuvius emitted sulphurous gases and steam.

\$90,000,000 Will Be Available for Immediate Relief

All Classes of Workers Throughout Canada to Benefit by Federal Measures—New Railway Construction Will Give Work to 10,500—Coal Mines and Steel Mills to Receive Large Orders

Provinces Present Plans at Ottawa

OTTAWA, Oct. 1.—Details of the Federal Government's campaign to relieve unemployment in Canada were outlined today by Senator Gordon Robertson, Minister of Labor. Between \$80,000,000 and \$90,000,000 will be "put to work" to better distress conditions and provide work for Canadians, he said.

This included the \$20,000,000 supplied by Parliament at the last session, the remainder being contributions from the provinces and the municipalities and the \$21,000,000 programme of construction and improvement work to be undertaken by the Canadian National and the Canadian Pacific Railways.

OTHER AVENUES OF AID

The Federal Government's scheme was not limited to setting aside money for construction in co-operation with the provinces and the municipalities, the Minister of Labor declared. A sum of \$4,000,000, set aside for direct relief, has been available from September 22.

The grade separation fund of the Board of Railway Commissioners would be augmented by a total of \$1,000,000 for the benefit of any subway work undertaken.

The Government would contribute on a 50-50 basis with the provinces in building a transcanada highway from Sidney to Vancouver, and was prepared to pay 40 per cent of the cost of general provincial highway work this winter. Senator Robertson stated money for the construction of public works and highways from Federal funds would be available from the date of the signing of agreements with the respective provinces.

WILL REACH ALL WORKERS

There were still other angles to the Government's relief programme, Senator Robertson emphasized. Tariff changes made at the last session would afford immense stimulus to Canadian industry, he believed, and would result in the creation of more jobs. Restrictions

CONSTITUTIONAL CHANGES WOULD NEED SANCTION

Premier Tolmie Cables Hon. R. B. Bennett on British Columbia's Attitude

In a cable to Hon. R. B. Bennett, the Premier, Premier Tolmie, yesterday set out British Columbia's attitude towards reports indicating certain of the Dominion provinces represented at the Imperial Conference might bring up matters affecting the status of self-governing bodies within the Empire, and which would in turn affect the provinces of Canada. The text of Premier Tolmie's message was as follows:

"As a partner in the Confederation of Canada, British Columbia would emphatically protest any action by the Imperial Conference affecting Canadian constitutional matters, until the provinces had an opportunity of meeting and discussing the question."

Premier Tolmie explained that, while no definite basis appeared to exist for the reports, some uncontrolled and created by the circulation, and it was as well that Premier Bennett should be armed at the conference with the consensus of opinion of the Canadian provinces on this matter.

The cable was dispatched at noon yesterday, and follows similar action taken by the province of Ontario, through Premier Ferguson.

The attitude of the provinces in this regard was shown in 1926 in the debates in Parliament over the question of abolition of the right of appeal to the Privy Council, when Hon. Hugh Guthrie, then leader of the opposition, challenged the administration of Rt. Hon. W. L. Mackenzie King, who proved an authority on the subject of the Empire, at Confederation without the assent of the provinces, as parties to the pact.

Conference Highlights

Speaking at a banquet tendered to the Imperial Conference delegates at Guildhall by the Royal Empire Society several of the Dominion Premiers spoke. Excerpts from their remarks indicate the tone of the gathering:

Hon. R. B. Bennett, Premier of Canada, in the diversity of the peoples of our empire, their talents and their resources lies the real secret of the Empire's greatness. Before us lies the task of Empire consolidation and with that task we meet in the heart of this great city where trade, commerce, finance and other great affairs engage the nations, to think of our Empire as an economic unit.

Gen. J. B. M. Hertzog, Premier of South Africa—Commonwealth co-operation is the very life of the Commonwealth itself. Co-operation can not thrive in an atmosphere of suspicion.

Hon. James Scullin, Premier of Australia—The greater the degree of freedom within the Commonwealth the closer are the ties that bind us together. Any attempt to

ALBERTA WHEAT POOL LEASES VICTORIA TERMINAL ELEVATOR FOR EXPORT TRADE

Ogden Point Plant Changes Hands

Victoria's Terminal Elevator, Which Has Been Acquired, Under Lease, by the Alberta Co-operative Wheat Producers Limited. The Plant Is Considered One of the Most Modern Grain-Handling Houses on the Pacific Coast.

EMPIRE ABLE TO OVERCOME DIFFICULTIES

President Beatty Announces Costly Expenditures to Help Country—New Okanagan Section and Extensive Track Laying in B.C.

YORKTON, Sask., Oct. 1.—After a trip through Western Canada, during which he and his fellow directors had an opportunity of studying, at close range, business and agricultural conditions in the four Western Provinces, E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway, announced tonight a programme of improvements and extensions to be undertaken which may be described as bold in conception and nation-wide in its incidence.

Mr. Beatty said: "After conference with the Federal Government, an arrangement has been entered into whereby, in consideration of the assumption by the Government of interest charges for a specified period on the capital expenditure involved, the company will immediately embark on certain works, which had been approved for the future but which, in ordinary course, would not have been approached until 1931 or 1932."

ILL DUCE URGES DEATH PENALTY

Drastic Measure Advocated for Speculators Who Bring On Financial Crises

EXAMPLES ARE MADE
ROME, Oct. 1.—Premier Mussolini today advocated the death penalty for speculators who bring on financial crises.

The Premier, speaking at the first sitting of the National Council of Corporations, which links all forms of Italian capital and labor, said he already had made examples of speculators in the Aosta and Campobasso districts, and would deal more strictly with the type in the future.

"They will now be made to feel more acutely that they cannot fool the public with impunity," he continued. "Because of the infinite evil they express as sowers of ruin and misery, they merit the penalty of death."

The Duce said he believed Italy had reached the bottom in the current financial depression, and he expected the country now to start upward. He added that Italy was suffering from economic depression along with the rest of the world, but that the other nations also were suffering would not be used in his country as an alibi.

PROVINCE OF ONTARIO GETS \$3,850,000 FOR UNEMPLOYMENT RELIEF

OTTAWA, Oct. 1.—Agreement has been reached between the Dominion and Ontario governments on unemployment relief. A sum not to exceed \$3,850,000 is to be available for Ontario out of the \$20,000,000 Dominion unemployment fund, for the construction of public works and highways in the province to provide work. In addition, Ontario will participate in the \$4,000,000 relief for those unable to secure employment. No portion of the money for direct relief has been particularly allotted to Ontario, but Dominion contribution will be made according to the needs.

News Items in Brief

APPOINTED TO LABOR OFFICE
OTTAWA, Oct. 1.—Hon. G. D. Robertson, Minister of Labor, has been appointed the representative of the Government of Canada on the governing of the international labor office, under the League of Nations. Hon. Peter Heenan was formerly Canadian representative.

TO MINE RADIUM ORE
TORONTO, Oct. 1.—Immediate development of radium deposits in Haliburton is planned by the Ontario Radium Corporation, headed by prominent Toronto doctors. It was stated tonight the company would proceed at once to block out the ore body, which is believed to be the richest radium content yet uncovered in the world.

CEREMONY AT VATICAN
VATICAN CITY, Oct. 1.—The judicial year of the Sacred Rota was inaugurated today in the presence of Pope Pius, the pontiff receiving officers and advocates of the court in private audience following a mass in the Pauline chapel.

HEADS LIBERALS OF N.S.
HALIFAX, Oct. 1.—August L. MacDonald, barrister, of Halifax, was chosen leader of the Liberal party in Nova Scotia in open convention tonight.

RETURNS TO CHINESE RULE
NANKING, China, Oct. 1.—After being under British rule for thirty-two years, the leased territory of Wei-Hai-Wei today was formally handed back to China.

DEATH RIDES WITH CUPID
WHITTIER, Cal., Oct. 1.—Death rode with Cupid in an automobile bearing a newly-married couple this afternoon. Mr. and Mrs. Peter Thompson, after being married in Los Angeles, were driving with Mrs. W. L. Friedman, mother of the bride, to Thompson's home in Beverly when their car was hit by an electric train. Mrs. Friedman was killed.

Immediate Operation Is Assured by New Company Taking Control Today

TO ROUTE ALL GRAIN THROUGH PORT MANN

Victoria Freight Charges to Be Same as Port of Vancouver

OGDEN Point elevator, owned by the Panama Pacific Grain Terminals, Limited, and considered the most modern plant on the Pacific Coast, has been leased to the Alberta Wheat Pool for a period of twelve months. It is officially announced by R. D. Purdy, general manager of the Alberta Co-operative Wheat Producers, Limited, from the company's head office at Calgary.

Confirmation of the lease was also telegraphed to D. S. Tait, of Tait & Marchant, barristers, who conducted the negotiations between the city of Victoria, the owners, and the Alberta Wheat Pool.

Negotiations in connection with the lease have been carried on for several weeks between the controlling company, the operating company and the lessees, all negotiations subject to the approval of the city of Victoria and the Federal Government. The lease was completed yesterday and the Alberta Wheat Pool assumes control of the plant from October 1.

FINANCING COMPLETED

Under the lease, as approved by the City Council at a special meeting two weeks ago, the corporation has already received payment of all obligations due to the city, including the payment of current interest on bonds, taxes and a bonus of \$5,000, together with a guarantee of the interest payment which falls due on January 2 next. The payment of all outstanding accounts was insisted on by the City Council before approval of the lease would be granted.

The lease to the Alberta Wheat Pool of this important Pacific Coast plant insures a fairly continuous flow of grain to and from this port, depending, of course, on the volume of export.

INSURANCE ON MOTORISTS IS AGAIN URGED

Vancouver May Seek Regulations on Auto Accident Liability

B.C. MAY BE ASKED TO ADOPT ONTARIO PLAN

VANCOUVER, Oct. 1.—Enactment of automobile accident liability insurance, patterned after regulations which became effective in Ontario on September 1 may be sought by the city council at the next session of the legislature.

A meeting of a special committee of the council, appointed to consider the broad question of such insurance, will be held Saturday morning. The proposals will be submitted to the city council on Monday, and if they are approved a delegation will go to Victoria to place the plans before Attorney-General R. H. Pooley. It is also suggested that the Union of British Columbia Municipalities be asked to endorse the scheme.

IS DIFFERENT PLAN

The Ontario plan of insurance is different from the compulsory type which was suggested to the Legislature two years ago and which was opposed by a large section of the motoring public.

Under the suggested plan, according to statements by City Solicitor J. W. Williams, the owner of an automobile who is responsible for an accident must, after settling damages for the mishap, demonstrate his financial responsibility as a condition to continuance or renewal of his driver's license.

ATTEMPTS TO REVISE LEAGUE COVENANT TO OUTLAW WARFARE FAIL

GENEVA, Oct. 1.—It was stated tonight on authority considered reliable that efforts to revise the League of Nations covenant to outlaw warfare have failed.

A subcommittee of the league's judicial committee this evening was reported unable to find a compromise formula which would satisfy conflicting views.

It is believed the judicial committee will ask the Assembly to postpone its decision on harmonizing the covenant and the Kellogg Pact until the next Assembly.

WHISKERS AND BIBS POPULAR THIS WEEK

Victoria College First-Year Students
Undergoing Customary Annual
Initiation—Dance Friday

Victoria College students are this week emulating, in burlesque, the custom now almost universally practiced by adult organizations in convention of labeling themselves with name and other marks of identification. For this is initiation week at the college, and one of the rules laid down by the second-year students in solemn session was that all freshmen must wear on their backs a large placard exposing the name and telephone number in legible characters. There is no definition to indicate whether it is intended as penalty or privilege that girls must not shave during the whole of this period; but the inference is obvious from the additional instruction that all the former must wear bibs and the latter must substitute a rope round the neck for the customary necktie.

These innocent impositions, which are much enjoyed by the freshmen when they foregather in groups, are real tests of discipline when the students disperse homewards, for the stray boy or girl seen wandering along Oak Bay Avenue or climbing into a street car with these badges of humility and obedience, is occasionally mistaken by the un-

initiated citizen for a slightly simple youth.

Initiation week will end after the college dance on Friday night, by which time the first-year students' names and telephone numbers will be fairly familiar to everyone in the college.

UNITY THROUGH CLOSER EMPIRE TRADING NEEDED FOR WORLD PROSPERITY

OTTAWA, Oct. 1.—The future prosperity and happiness of the world depends on unity between Great Britain and the Dominions, and as a means of attaining that unification greater trade relationship between the nations composing the Empire must exist, believes Hon. G. G. Lansell, member of the Australian Upper House, returning to his home from London, where he attended the Imperial Free Conference. He stopped off in the capital today for a brief visit.

Closer trade relations would mean alleviation of the present unemployment situation, Col. Lansell said. He took occasion to strongly deny there was any movement on foot in his native land to break from the Mother Country.

Provincial Architect In Ontario Succumbs

TORONTO, Oct. 1.—Stricken with heart trouble while visiting his daughter at Kingston, Francis R. Heakes, provincial architect since 1895, died yesterday. He was born seventy-two years ago and had lived here practically all his life.

ALTERATION OF PRESENT SALES POLICY DESIRED

Canadian Egg Pool Urged to
Develop Egg-Selling Cam-
paign in B.C.

"BOOTLEGGING" EGGS CHARGES ARE MADE

NEW WESTMINSTER, Oct. 1.—The Canadian Egg Pool will be asked to alter its present sales policy and develop an aggressive egg-selling campaign to the retail dealers in British Columbia, according to a resolution carried at the semi-annual meeting of the British Columbia Egg Pool Tuesday in St. Patrick's Hall.

It was claimed by dealers at the meeting, which proved to be a lively all-day session, that pool eggs were being held back on the Vancouver market. It was stated, in some cases, they were held back until they had deteriorated. Vancouver wholesalers also were selling independent eggs of lesser quality in preference to pool eggs, it was declared.

CHARGES ARE MADE

Charges were made that pool members were "bootlegging" eggs in some instances. These members, it was claimed, sold only part of their production through the pool and "bootlegged" the remainder at greater profit.

Several resolutions presented to the meeting were lost, after lengthy discussions. One resolution defeated was a suggestion that the Canadian Egg Pool sales representative in British Columbia should be placed under the control of the directors of the British Columbia Egg Pool as far as local sales were concerned. Another lost resolution was one stating that the solution of the feed question must be looked for in organization within the pool.

THE FEED PROBLEM

Long discussion took place over the feed problem, and the question of a cooperative feed movement.

G. P. Wallace, president, said the directors had gone on record in favor of winding up the affairs of the provisional feed pool.

A resolution was carried that no further expenditure in connection with a feed pool should be undertaken.

The meeting defeated a resolution to market poultry on a small scale as soon as it was considered practicable.

A resolution giving the board of directors authority to appoint a general manager, was defeated.

W. A. Laird, general manager of the Canadian Egg Pool, told the meeting that he was optimistic over the marketing situation in Canada. Eggs were enjoying the most favorable situation of any farm commodity in Canada today.

Expenses of the Canadian pool were on a lower basis than a year ago, he said, and yet the organization was more efficient. The operating costs of the pool were the lowest in the world for such a business.

DEPUTATION TO MEET PREMIER ON MAINLAND

Vancouver City Council Will Confer
With Dr. Tolmie on Unemployment Relief

VANCOUVER, Oct. 1.—The City Council delegation which was appointed to interview the Provincial Government to seek a contribution toward the cost of unemployment relief will probably meet Hon. S. F. Tolmie in Vancouver, Thursday or Friday.

Efforts were made by the mayor's office to arrange an interview with the Premier, but Mayor W. H. Malkin has been informed that the Premier will be here then. Hon. N. S. Loughheed, Minister of Public Works, will also be in the city.

The civic committee, therefore, will discuss the question with the Premier and his colleague here.

NEGRO TAKEN FROM JAIL AND LYNCHED

Motorcade of Fifty Masked Men
Take Law Into Own Hands in
Georgia

CARTERSVILLE, Ga., Oct. 1.—A motorcade of forty-five or fifty masked men took John Will Clark, negro, from the county jail here early today and hanged him to the crossbeam of a telephone pole on the Fair Grounds a mile away.

Clark, charged with murder of Chief of Police Jenkins, was removed from the custody of the three deputy sheriffs on duty at about 1 o'clock and taken on his death ride in one of the automobiles of the motorcade. At dawn local police reported finding the body hanging by a rope from the telephone pole.

A PREVIOUS ATTEMPT
A previous effort to lynch Clark was made two weeks ago. National Guardsmen were called out and he was then removed to Atlanta for safe keeping, but returned yesterday for trial.

The lynching party came to the jail in nine or ten automobiles. Ten of the men entered the jail office where the deputies were on duty, took the key to Clark's cell from Deputy A. J. McCoy, unlocked the cell, seized the prey and departed.

DEPUTIES OVERPOWERED

"It was all over in five minutes," McCoy said. "We had no time to draw our guns, the men overpowered us as soon as they entered the office."

Chief Jenkins was killed on the night of September 5 in a scuffle with two negroes who had halted their automobile in front of his home and whom the chief said were creating a disturbance. He was shot with his own gun. Clark at that time was an escaped convict. Officers said he confessed to killing Chief Jenkins, but said the shooting was accidental during the scuffle.

MILEAGE ATTAINED IS EXTRAORDINARY

Over Fifty Miles to Gallon Reached
by Competitor in Chevrolet
Test

Exceptionally high mileage has been attained by drivers of the Chevrolet Six in the Chevrolet gasoline economy test being conducted all this week by the Regal Motor Company, Limited. On Tuesday twenty-six drivers averaged thirty-seven miles to the gallon under conditions called for in the contest on city and country roads.

The highest individual mileage attained was 51.2 to the gallon.

This interesting competition has been arranged whereby the general public is given a chance of testing the actual consumption of gasoline by the Chevrolet, at the same time gaining the opportunity of winning a substantial prize. The test is held under the following rules:

A standard pint measure will be affixed to the outside of the hood on a stock model Chevrolet Six, filled with gasoline and connected to the gas line. A handsome cash prize will be given to the person who can drive the car the farthest on this amount of fuel.

The offer entails absolutely no obligation on the driver's part, all that is necessary being to register at the office and phone your name in, and you will be notified as to the hour at which your driving ability will be tested.

Starting at 9 a.m. daily the contest will continue until Saturday night at 9 o'clock.

DRASTIC CHANGES IN CONSTITUTION LIKELY

General Higgins, Salvation Army
Leader, Says Three Alterations
May Be Effected

EAST LONDON, South Africa, Oct. 1.—Probable drastic changes in the Salvation Army constitution were forecast today in an address by General Higgins, the army's head, who is touring South Africa.

Decisions covering three alterations would be reached by the conference of army commissioners which will be held in London following his return, he said.

The first will be to give an electoral body of leaders power to choose the army's head. "I promise that I shall not appoint my successor, as I certainly should not like that re-

sponsibility on my shoulder," he said.

The second will have to do with the fixing of the retiring age, while the third will establish a uniform principle of vesting the army's assets everywhere in a property company instead of having the general remain the sole trustee.

MUSICIANS BACK TO WORK IN MONTREAL

MONTREAL, Oct. 1.—A three-week deadlock between the Musicians' Protective Association and the Famous Players Canadian Corporation was brought to an end yesterday when contracts were signed for the musicians to return to Loew's and the Capitol Theatres within a few days. Continued negotiations between the Toronto head office of the theatre corporation and the local union resulted in a settlement. The theatres controlled by the corporation have been running on sound films only for the past three weeks.

The conditions under which the musicians returned to the orchestra pits were announced as follows: At Loew's the band will have a year's contract, uncancellable; at the Capitol the players will operate under a four-week cancellation clause.

GRAND OLD MAN DIES

James Stewart, known as the "Grand Old Man of Tientsin," died recently in the Chinese city. He was an engineer and joined the Chinese Imperial Service sixty-six years ago. He built the first steamboat for the late Empress of China and was Governor of the Arsenal of Tientsin in 1900 at the time of the Boxer Rebellion. Stewart was born in Scotland eighty-nine years ago.

Remains of Seven Arctic Pioneers Found on Island; Died Nearly 300 Years Ago

Dutch Seamen Perished
While Attempting to Win-
ter in Far North

By BJORN BUNKHOLT
(Copyright, 1930, by The Chicago Daily
News Foreign Service.)

OSLO, Norway, Oct. 1.—The bodies of seven Dutch pioneers in the Arctic have just been found at Jan-Mayen Island, having rested there for nearly 300 years. The men are believed to have perished from scurvy and hunger. (The position of Jan-Mayen Island in the Arctic Ocean is given as 71 degrees north and 8 degrees west.)

This discovery was made by a Russian-born wireless expert, Gen. Oskari Oskari, who is in the meteorological service of the Norwegian Government and stays over the winter on Jan-Mayen Island with two assistants.

CABLES HIS FINDINGS

The fact that the Dutchmen were buried on the island was known before, and a Dutch official expedition visited the island this summer and erected a memorial, but had to place the latter by chance, as the burial place was unknown.

Oskari cables as follows: "I thought it queer that nobody really knew the exact spot where the grave was and I started a systematic search. Finally I came upon a stone cairn which resembled an old viking burial place. When removing the stones, one skull was found, later several teeth and finally pieces of wood from coffins. At last all seven bodies were found and it is now possible definitely to establish their identity. Only the skeletons remained."

VOLUNTEERED TO REMAIN

The tragedy behind the death of the Dutch explorers is one of the most gruesome in Arctic history. In 1633 a Dutch expedition had hunted whales at Mayen, and its leader, wishing to establish a station, was possible to stay there over the winter, found seven men who were willing to try the experiment. They were left behind on August 26, with a dog as company.

The men were simple seamen and without any experience for such a stay. Their leader, Oskari Jacobson, with clumsy letters wrote in a diary "I'll live here until I feel out of his hand when he died. Attempts of the group to get fresh food during the winter by hunting did not succeed and when darkness set in, scurvy came. Finally when Spring arrived, they were so weak that they

were incapable of killing any animals.

Easter morning, one of the first days of April, Jacobson died and another seaman continued the diary.

TELLS STORY OF END

On April 23, the diary reads as follows: "We are all in bitter need and dying. Nobody but I am able to move. I crawl on hands and feet and help the others."

The man who wrote those words killed the dog April 27 and made soup from the meat. The diary ends on April 30 with the words, "Wind as before. The sun shines... who followed by dogs."

When the Dutch expedition returned June 4, 1634, they found only the bodies, which they buried in a grave, which was forgotten until Oskari found it.

NEW STATUE OF VENUS IS FOUND

Archaeologists Make Im-
portant Discoveries at
Foot of Capitoline Hill

PICTURES UNEARTHED

By WILLIAM H. STONEMAN
(Copyright, 1930, by The Chicago Daily
News Foreign Service.)

ROME, Oct. 1.—Digging at the foot of the Capitoline Hill, which has been progressing for several months, brought to light yesterday several astounding finds, including a trim marble torso of Venus and a large foot presumably belonging to some emperor's statue. These fragments belong to the Imperial period and the Venus discovery is considered one of the finest ever excavated in Rome.

The excavations have been speeded up in the hope of discovering the missing head, feet and arms of Venus, as well as the remainder of the colossal statue.

Other extremely important discoveries include several mural pictures of the third century and a marble bust and columns from the building which apparently belonged to Jove's Temple, one of Imperial Rome's most stately edifices, which, however, was utterly destroyed.

Obituary

MYCOCK—There passed away at the residence, Glenford Avenue, Saanich, yesterday, Mrs. Rachel Mycock, widow of the late Henry Mycock, aged eighty years, born in Helian, Wales, and residing in this province for the past forty-two years. She leaves to mourn her loss two daughters, Mrs. E. E. Duval and Mrs. H. Brewster, and three sons, A. J. Mycock, R. H. Mycock and James Mycock, all of Saanich; also twelve grandchildren. The remains are reposing at Hayward's B.C. Funeral Chapel. Due notice of the funeral will be announced later.

POWELL—There passed away in the city on Wednesday, September Powell, aged seventy-two years. The remains are reposing at Hayward's B.C. Funeral Chapel. Further particulars and notice of the funeral will be announced later.

CAMERON—Many friends attended the funeral of Mrs. Mary Cameron, which took place on Wednesday afternoon from McCall Bros. Funeral Home, Rev. F. A. Ramsey conducted the service, during which the hymn "Abide With Me" was sung. Interment was made at Ross Bay Cemetery with the following as pallbearers: Messrs. D. G. Pennock, E. E. Harris, A. MacDonald, A. H. Walker, H. Norman and W. S. Brown.

WILLIS—The funeral of Mrs. Mary Anne Willis will take place this afternoon at 2 o'clock, from McCall Bros. Funeral Home. Interment will be made in Royal Oak Burial Park.

HILLER—There passed away at an early hour yesterday morning at St. Joseph's Hospital Mrs. Mary Lea Hiller, aged thirty-three years. She was born in France and had been a resident of this city for eighteen years, lately residing at 511 Mary Street. There survive her, her husband, John Hiller, three children at home, two brothers, one in New Westminster and one in Alberta, and two sisters, one in Montana and one in Port Angeles. The funeral will take place on Friday at 2 o'clock from the Sands Funeral Chapel. Rev. E. Moss will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

JONES—The funeral of Robert Samuel Jones, who passed away on Tuesday evening at the residence of Mr. J. Youson, of 906 Old Esquimalt Road, will take place on Saturday afternoon at 3:15 o'clock from the Sands Funeral Chapel, and the remains will be laid to rest in Ross Bay Cemetery. Mr. Jones came to Victoria on H.M.S. Albatross in 1908 and for the past twenty years had been associated with the Esquimalt and City Water Works.

WHITE—The funeral of Mrs. Kitty White, who passed away on Tuesday at St. Joseph's Hosp., will take place this afternoon, the cortege leaving the Sands Funeral Chapel at 12:30 o'clock and at 2 o'clock services will be conducted at the Knox Presbyterian church, Sooke, by Rev. S. Burdick and interment will be made in the church cemetery.

Game Act Charges

Charges under the Game Act were before Magistrate Jay in the Provincial Police Court yesterday afternoon. Alexander McKenzie was charged with having been found carrying a firearm on Mayne Island without having a licence. He was fined \$10.

Two other cases which are being tried jointly were stood over until today. Luigi Zarelli and Thomas Newall were charged with having been hunting deer with a spotlight contrary to law.

Regular national service of telegram deliveries by motorcycle messengers is to be established in England.

Riot During German Elections

A Scene in One of the Streets of Berlin as Mounted Police Dispersed Gatherings of Agitators During the Recent Elections. The Elections Were an Indication of the Changing Feeling in Germany, With the Fascist Element Gaining Power in the Reichstag.

Selection of New Cabinet In Austria Is Forerunner Of Other Political Events

By EUGENE CRAWFORD
(Copyright, 1930, by The Chicago Daily
News Foreign Service.)

VIENNA, Austria, Oct. 1.—

Austria has taken a leap in the dark. As to where she will land, opinion sharply differs. Since Dr. Ignaz Seipel's return from Scandinavia, political developments have taken a turn which upset the calculations of all the political experts.

The result of these developments is the selection by Dr. Karl Vaugin, former Minister of War and Vice-Chancellor, with the approval of President Wilhelm Miklas, of a cabinet composed of Catholic clericals who are members of the Christian Socialist Party and representatives of the Heimwehr organization, which, until now, has never been represented in the Government or Parliament.

CABINET POSITIONS

Herr Vaugin himself retains the Ministry of War as well as the Chancellorship. Dr. Seipel becomes Foreign Minister. Dr. Otto Juch is the new Finance Minister, while the portfolios of the Interior and Justice fell respectively to the thirty-year-old National Heimwehr leader, Prince Ernst Rudiger von Starhemberg, and the Provincial Heimwehr to Lieutenant Franz Salburg, a lawyer.

With this Cabinet, Herr Vaugin will go to the populace in an effort to obtain a parliamentary majority. The President approved the Cabinet last night so that the new ministers could draw their September salaries, and postponed the dissolution of the Parliament until today so that the deputies could receive their October salaries. The amounts involved are small, but have caused a bad taste in the mouths of the voters.

SITUATION IS INVOLVED

Meanwhile, Herr Schober's plans to head a coalition of liberal and democratic elements as a new party appear to have developed into nothing. Herr Schober had hoped that Prince Starhemberg would decide to modify the Fascist programme of the Heimwehr and join him, but was outgeneralized by Dr. Seipel and Herr Vaugin. He will likely therefore resume his position as head of the Austrian police.

And by a strange coincidence his superior will be the thirty-year-old prince—the police head being responsible, of course, to the Minister of the Interior. So long as Herr Schober remains police chief no Vaugin-Starhemberg-Seipel Fascist dictatorship is likely, but if Herr Schober resigns, the world may prepare itself for the rise of a new dictatorial regime in Europe.

CIVIC GOLD MINE IS FOUND IN VANCOUVER

Council May Utilize Money By-Law
Balances Amounting to \$122,880
for Relief Work

VANCOUVER, Oct. 1.—Vancouver's dozen aldermen, who, for the past few months, have been doling out the gradual depletion of public works funds, have run across a veritable gold mine.

To be specific, the fortune is represented by \$122,880, balances from old money by-laws passed for street improvements. The existence of this fund was reported to the board of works on Tuesday afternoon by City Engineer Charles Brakenridge.

But council members believe that, with this sum in the treasury, they can apply to the Provincial Government to contribute a similar amount for public work here under the provisions of the Dominion Government's unemployment relief plan.

Mr. Brakenridge told the committee that \$34,000 of the balances represent funds available from greater city by-laws; \$73,621 is from old city of Vancouver money measures and should be expended within the limits of the former city, and \$16,267 is from an old Point Grey by-law and should be used for work in the boundaries of the former municipality.

DAUGHTERS TOO COSTLY

Pleading guilty before the city magistrate of Mysore, India, to the theft of jewels from the Prasanna Krishnaswami Temple, the High Priest testified that his salary was only \$7.85 a month. He added that he has been "cursed" with five daughters, and as their husbands were not able to keep the mbe was compelled to maintain their families as well as his own.

BRIAND REVEALS BIG REDUCTION IN FRENCH ARMY

Forces Now Total 556,000
Men—Is First Official
Statement

CUT IS ENTAILED BY
SHORTER SERVICE LAW

By PAUL SCOTT MOWBRER
(Copyright, 1930, by The Chicago Daily
News Foreign Service.)

PARIS, Oct. 1.—Aristide Briand's speech yesterday at Geneva, where he said that the French Army has been reduced from 810,000 before the war to 556,000 now—a reduction of 41 per cent.—and that in view of the uncertainties of the situation on the Continent France cannot disarm further at present is widely featured here today.

This is the first time that any French statesman has revealed to the French public the extent of reductions in the army entailed by the one-year service law.

HAS WITHHELD FIGURES

The French Government seems to have been previously deterred from making this revelation by, first, a desire not to alarm the French people; second, not to give ammunition to M. Briand's French Nationalist adversaries, and third, not to give any too definite figures on the situation on the Continent France cannot disarm further at present is widely featured here today.

Mr. Briand fails to state how his figures, either pre-war or present, were arrived at. Army service was increased from two to three years in 1913. M. Briand seems to have taken an average between the two-year and three-year totals, for if the full three-year total is taken, then the French army at the end of 1913 appears to have been close to 900,000.

TOTALS EXPLAINED

Similarly, there are various ways of computing the present strength of the French Army. According to careful studies of the budget estimates and other public documents, the present total on the army payroll is now almost 600,000 men, as follows: Conscripts, 180,000; professional soldiers, 106,000; Foreign Legion, 18,000; North African native troops, 104,000; other colonial troops, as Indo-Chinese and Senegalese, 87,000; North African irregulars, 12,000; officers of all arms 32,000; gendarmes, 47,000; total 586,000.

It is an open question, however, whether all these items should be counted in estimating for comparative purposes the strength of the French Army. Thus M. Briand seems to have reached approximately his figure of 556,000 by subtracting his gendarmes, who are rather policemen than soldiers.

MANY TROOPS IN COLONIES

Probably the 12,000 North African irregulars should also be deducted and an allowance made for the fact that actually there are only 90,000 professional instead of 106,000, as provided by the budget. The item of other colonial troops should probably be left in the total, though the value of these men is doubtful.

Making these readjustments, the present strength can be stated as about 511,000, but of these 160,000 are scattered in the colonies, leaving in France only 351,000.

The strength of the British Army including the colonies and Dominions, is given by the League of Nations' handbook as 464,000 regulars and 520,000 militia.

A man can love two women at once—but not if they know it.

BICYCLE "SPEEDER" FINED

When Alexander Hassan tried to ride his bicycle down a hill at Downhill, Ireland, recently, the machine got beyond control and ran into a group of boys playing football in the road. The boys escaped unhurt, but Hassan was knocked unconscious and had to spend several days in a hospital while cuts in his head healed. When released he was arrested for speeding and fined.

+ Clear Up That Tongue + Fresh Yeast Will Do It + By Correcting Evils Here +

AN INFALLIBLE SIGN of a disordered condition within... white-coated tongue with bad breath, and a bad taste.

FAITHFULNESS IN EATING YEAST comes up digestive organs and brings keen appetite by normal means. Adopt the treatment and see what improvement two months bring.

THIS IS WHERE 90% of our common ills begin. Keep intestines clean with yeast and your whole body benefits.

Look at your TONGUE...is it COATED?

REMEMBER the kindly old family doctor who used to come to see you when you were a youngster? Remember his first words, his first step in finding out what it was kept you from play?

"All right now," he'd boom: "Let's see that tongue of yours!"

We've come a long way from the simple methods of the old family physician. But that simple test still tells its tale. The coated tongue is still a sign of internal disorder.

And the amazing thing is this: Many of us, even when we think we are well, find our tongues white when we look at them in a mirror.

Why? Because of Intestinal Fatigue! Many of us suffer from it. Miss perfect health because of it. Stay "below par" as a result of it.

In Intestinal Fatigue, foodstuffs from which nutritive elements have been extracted clog the intestines. This waste stagnates. Poisons form and flood the system because elimination is irregular. We lose appetite, lack energy.

Science, however, has found an answer. Fresh yeast... such as Fleischmann's Yeast... loosens and moistens accumulated waste matter. It stimulates both digestion and nutrition. It fosters normal action of the intestines.

Steadily and slowly it brings back clear skin, renewed appetite, fresh vigor... as it cleans, tones and revives the sluggish

intestinal and digestive tracts. Yeast is neither a cure-all nor a recent fad. It has been in use for 75 years. It is recommended by leading specialists the world over.

They tell patients, "Eat yeast regularly: : : three times a day, before or between meals. Keep it. Don't expect to correct, overnight, troubles that have been developing for years."

Surely there's sound advice. It's worth trying. Just ask for Fleischmann's Yeast at any grocery, restaurant, soda fountain or drug store. Every cake is rich in three important vitamins—B and G and the "sunshine" vitamin D. Directions on label.

Not a "Cure-all"...Fleischmann's Yeast is a health food thousands eat three times a day

Varied Activities of Women

Clubs and Societies

Parkville W.A.
Mrs. R. Newman and Mrs. R. Sprinkling were joint hostesses at a silver tea on Tuesday, given in the lounge of the Island Hall Hotel in aid of the Women's Auxiliary. Amusing competitions during the afternoon created much fun. Guessing the names of pictures of celebrities was won by Mrs. Cameron with fifty-seven correct out of sixty-seven. The following were present: Mrs. Tyron, Mrs. Lee, Mrs. Hickey, Mrs. R. C. Weld, Mrs. Pettigrew, Miss E. Pettigrew, Mrs. C. Parks, Mrs. A. L. Smith, Mrs. Beattie, Mrs. O'Gie, Mrs. Digby, Mrs. Fisher, Mrs. Cameron, Mrs. Davis, Mrs. Cooper, Miss Cooper, Mrs. Stanhope, Mrs. L. T. Davis, Jr., Mrs. Forbes, Mrs. May, Mrs. Wilson, Mrs. Cruise, Mrs. Smithers, Mrs. Morgan, Mrs. Kingsley, Mrs. Turley, Mrs. Royce, Mrs. Ponsford, Mrs. Sprinkling, Mrs. Newman, Mrs. Popham and Rev. C. H. Popham.

Ladies' Society
Mrs. F. Bland, Sr., of Dalton Street, held a five hundred card party at her residence on Tuesday evening on behalf of the Ladies' Society of B.I.P. and E. The prizes were won as follows: Ladies' first, Mrs. Davidson; second, Mrs. Cronk; third, Mrs. Bland and Mrs. Morrison, consolation; gentlemen's first, Mr. Buckle, and second, Mr. Rennie. The jumble prize was won by Mrs. Tomlin. After refreshments were served the remainder of the evening was spent in dancing.

Nanaimo W.A.
The regular meeting of Review No. 14, Women's Benefit Association of the Macabees, was held last evening with the president, Mrs. Minnie Milburn, in the chair. At the conclusion of the business session, a whist drive was held. Mrs. M. J. Carney being convener. The winners were: First, Mrs. Dixon; second, Mrs. Deane; third, Mrs. Flynn.

Court Maple Leaf
Court Maple Leaf, A.O.F. sewing class will meet at Sister Penney's home at 1734 Denman Street, today. All members and friends are invited.

Court Triumph
The ladies of Court Triumph will meet tomorrow evening at 7 o'clock, owing to the frolic and dance which will begin at 8 o'clock.

Quilting Guild
The members of St. Mark's Guild held their opening meeting yesterday and discussed plans for the winter work.

King's Daughters
The Ministering Circle of King's Daughters will meet in the rest rooms tomorrow at 3 o'clock.

Parkville
Mrs. Norman Teskey, of Port Alberni, was the guest of Mrs. T. Hirst during the week.

Mr. and Mrs. Herbert Wing returned to their home here Thursday, having been in Vancouver since Sunday, the guests of the former's mother, Mr. C. Wing.

Mrs. G. Roscoe left recently for Vancouver for a few days.

Mr. W. B. Leach, of Victoria, was a visitor to Parkville on Thursday.

Captain J. S. Matterson has returned to his home here after a few days spent in Victoria.

Those attending the provincial meeting of the local Council of Women, which terminated with a banquet at the Malaspina Hotel, Nanaimo, were Mrs. W. M. Wilcox, French Creek; Mrs. Webster, Nanaimo; Mrs. H. K. Harrison and Mrs. Blenkins, Parkville. They were the four delegates from the Parkville Women's Institute.

The bridge drive, given under the auspices of the Women's Institute and run under the able direction of Mrs. C. E. Tryon, Mrs. H. K. Harrison assisting, proved a most successful evening. Mrs. Backer and Colonel Grieg won the first prize, and Mrs. R. Price and Mrs. A. Hewitt the consolation.

Port Renfrew
A most enjoyable whist drive and dance was held at the Port Renfrew Hotel on Saturday night in aid of the Children's Christmas tree, the proceeds netting \$38. A three-piece orchestra supplied the music. G. Mitchell and son on violin and saxophone and R. P. Eade, piano, master of ceremonies was W. F. Bradley and the joint hostesses were Mrs. C. Sorenson, Mrs. A. L. Wilms, Mrs. J. Elliot and Mrs. R. E. Purney. Prizes won were: ladies' first prize, Mrs. A. L. Wilms; ladies' second prize, Miss Ruth Shelly; gentlemen's first prize, G. W. Mutt; second, R. Harrison.

Badminton Club
QUALICUM, Oct. 1.—The Quilcum Beach Badminton Club held its first meeting this season, in the Community Hall on Friday. There was a very good attendance. Mr. E. Sanders was elected president and Mr. Craig Reed, secretary. The first practice night was held on Tuesday.

Lectures on Pyramid
Mr. R. C. Jackson, C.E., spoke to a crowded audience in the Alexandra Club auditorium on Monday under the auspices of the British-Israeli Federation. His subject was "The Witness of the Great Pyramid to the Closing Scenes of This Present Dispensation." He also touched upon the signs of the Zodiac, which he called the Bible in the skies, remarking that the geometry of the Great Pyramid astronomy and the Written Word all unite to warn the world that the end of this present dispensation is drawing very near, adding the words of Solomon, "a three-fold cord is not quickly broken," and those of Christ, "the Scriptures cannot be broken."

Beautiful pictures and charts of the Great Pyramid, and the planisphere of the heavens were shown by lantern slides and explained in a lucid manner. Mr. E. E. Richards presided.

First Pater—Mr. son's letters from school always send me to the dictionary.

Second Pater—You're lucky! My son's letters always send me to the bank.

Have Been at School in Europe

ON the left is Miss Jean Lind, daughter of Mr. Robert Lind, who has just returned from school in Switzerland, and on the right is Miss Elizabeth Dold Brunker, daughter of Mr. and Mrs. P. C. ATTACK ORDER OF WAGE BOARD

Contention Is Put Forward That Ruling Is Ultra Vires

JUDGMENT IS RESERVED

The minimum wage of eighty cents an hour, established by the Male Minimum Wage Board for licensees of pharmacy, occupied the attention of Mr. Justice W. A. Macdonald in Supreme Court Chambers the whole of yesterday.

J. P. Hogg, of Vancouver, representing the employing druggists of Vancouver, attacked the order made by the board as defective and ultra vires.

Ludley Grease, K.C., for the employing druggists of Victoria, contended that W. H. M. Haldane, who appeared as counsel for the board, was not entitled to appear, inasmuch as the board should not be represented at the hearing.

There were a number of other matters brought forward relative to the procedure to be followed in the appeal taken from the board's ruling. His Lordship took these all under consideration, promising to have, if possible, his decision ready by Friday.

On the subject of Mr. Haldane's standing before the court, Mr. Grease took the ground that appeals taken from a magistrate in summary convictions did not allow the representation of the magistrate by counsel at the hearing of that reference. The court pointed to the fact that these were duly constituted criminal courts. Mr. Haldane contended that the board was really the respondent in this matter.

PRECEDENTS RARE
References were searched in an endeavor to get authorities on the matter. His Lordship pointing out, however, that it was difficult to get precedents in British Columbia courts that would apply.

The act, it was shown, allowed anyone affected by the order of the board to take an appeal. It was further set out that on the appeal any party might be called upon to give evidence, whether the witness had been called in the first instance or not.

Mr. Grease was of the opinion that in this case there should be a ruling in the matter.

Mr. Haldane pointed out that there could be a call for a review of the subject matter, and he argued that as a preliminary move there should be reasons advanced to show there was ground for review.

At this point Mr. Grease raised the question as to what was the exact meaning of minimum in connection with the order. Did it mean the lowest wage for a married man or for a single man; was it to be taken as an average wage; or was the cost of living to be considered in connection with it?

Mr. Hogg, on attacking the order of the board as ultra vires, took the position that that body had no right to take into account any so-called qualification but only the fact of wages based upon employment common to those concerned. In this connection he argued that the work of a licensee and of a licensed clerk was common to both classes. If the order were carried out it would exclude from the operation a number of men whose occupation was common to that of the licensees, who alone were covered by the order.

H. W. Davey, who appeared for the employees of drug stores, pointed to the fact that the mandamus order of the Court of Appeal called for an inquiry into the conditions of those engaged in the occupation of druggists.

Mr. Hogg was of the opinion that the basis of the board's order was wrong. In addition to its excluding persons who should be brought in, being in a common occupation, the order embraced malingerers, who were in another category and should not be included. It included and excluded improperly he said.

Mr. Grease pointed out that licensees were not required in the wholesale business, and the order was defective inasmuch as it would make this necessary.

V.O.N. SCHOLARSHIP AWARDS ANNOUNCED

OTTAWA, Oct. 1.—Following a policy in force in the organization since 1921, during which time 144 scholarships have been granted, the Victorian Order of Nurses for Canada has again given scholarships to enable well qualified nurses to take a postgraduate course in public health nursing at Canadian universities.

This year's awards have been made to Miss Hazel Laumer and Miss Stevenson, both of Ottawa; Miss Elizabeth Edwards, Kingston; Miss Mary Henderson, Niagara Falls; Miss Margaret Ferguson and Miss Jean Watt, both of London; Miss Annie R. Smith, Calgary; and Miss Jacqueline Noel, Montreal.

What Today Means

"LIBRA"

If October 2 is your birthday, the best hours for you on this date are from 8 a.m. to 9 a.m., from noon to 2 p.m. and 7 p.m. to 8:30 p.m. The danger periods are from 6 a.m. to 7:30 a.m. and 4 p.m. to 6:30 p.m.

A happy, encouraging atmosphere will prevail on this date, and much grist will be turned out of your mental mill. The most will be made of each passing moment. Unexpected gains and possible travel. Beneficial to health.

Children born on this October 2 will be distinctly "mental" in all they undertake. They will be determined, "plucky," industrious and thorough. Their sense of logic and reason may lead them into law work. They would also make excellent scientists and doctors. They have magnetic personalities.

If you are a woman, you have a wife's virtues, a mother's sense of duty, a passion for home and progeny, and an almost unquenchable maternal instinct. The joys of a domestic life will completely content you, if you are fortunate enough to be allowed to play your natural role. Home industries do not bore you. You are not just a glorified housekeeper, but you are a glorified house maker. You have an even temperament and you can seldom be "caught out," depressed, worried or distraught. Your fund of good spirits is unquenchable and inexhaustible. You are a life giver, and others say your wonderful vitality.

If you are a man, you express the qualities of an October 2 woman in a masculine way. Your gaiety is of a heavier type, and you have a buoyant and exhilarating nature. Things will not always go right with you, for you are a natural born plunger, but you come up smiling, although the plunder may have been misused. If people behave to you rightly, you like them very much. You do not, however, take abuse sitting down. There is plenty of fire and courage behind your natural self. Good sportsmanship is one of your vivid characteristics, and you do not always choose the easy way, nor do you shrink a thing because it is difficult. You always regard life as a great adventure. You have splendid self-control, your hand always on the brake.

MANITOBA PREMIER ADDRESSES PARLEY

Speaker Stresses Need for Greater Effort to Curb Fire Losses in Dominion

OTTAWA, Oct. 1.—The fact that Canada's fire loss last year—\$47,000,000—represented almost two and one-half times the amount the Dominion Government set aside to relieve unemployment, was called up by Premier John Bracken, of Manitoba, to impress on delegates to the Dominion Fire Prevention Association convention the need for greater effort.

Prime Minister R. B. Bennett was named honorary president, and W. H. Shapley, Toronto, was elected president.

Among the many resolutions given approval was one recommending that institutions receiving financial assistance from Federal, Provincial or Municipal authorities be compelled to provide adequate fire safeguards.

The amateur gardener was showing the beauties of his greenhouse. "This," he said, pointing to a flower, "belongs to the petunia family."

"Does it?" commented the sweet young thing. "I suppose you're minding it while they're away?"

"I like it lots, Mom"

Fry's

Mothers—there is no better food in all the world for growing children than FRY'S Cocoa.

It has elements to build up every part of the human body and is most economical because it promotes health and energy at so little cost.

Watch your children grow rosy cheeked and bonny when given a daily cup of FRY'S. It helps to keep them free from colds and sickness.

Mr. J. A. Sharp has taken up residence at the James Bay Hotel.

Weddings

SIMPSON-COOK
NANAIMO, Oct. 1.—One of the prettiest weddings of the season took place at the home of the bride's mother, Mrs. L. M. Cook, Wallace Street, last evening, when Rev. John McKinnon united in matrimony Frieda Lillian to Mr. Yale Simpson, of Vancouver. The rooms were prettily decorated with autumn flowers. The bride entered the dining-room on the arm of her brother, Dr. Carl Cook, of Alberni, to the strains of Mendelssohn's "Wedding March," played by Mrs. R. T. Wilson. The bride looked charming in a silver gown, and the groom, in a dark suit, was equally handsome. The bride's bouquet was of Ophelia roses and lilies of the valley. A cousin of the bride, Mrs. Robert Smith, of Vancouver, attended her as matron of honor, while the groom was supported by Mr. Melville Cook, Niece of the bride, little Shirley and Phyllis Cook, made dainty flower girls. Mrs. Jean Chester, formerly of Nanaimo, but now of New York, sang "I Love You Truly." The bride's mother wore a beige lace ensemble with hat in millinery shades, and was assisted in receiving by the groom's mother, Mrs. S. V. Simpson, who was attired in black satin and lace.

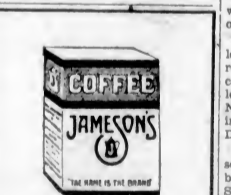

The out-of-town guests were Mrs. E. V. Simpson, Victoria; Mr. and Mrs. George Simpson, Victoria; Mr. and Mrs. Reg. Ciceri, Victoria; Mr. Tom Amitt, Victoria; Mrs. Herbert Frith, Vancouver; Miss Catherine Frith, Vancouver, and Mrs. Robert Smith, Vancouver.

"They tell me Wilson's girl is hard, is she?"
"Hard! Why nothing but a diamond could make an impression on her."

Relatives of World-Famed Surgeon

MRS. Mary Laxton Richards, Toronto, wife of Harold J. Richards and daughter of Mrs. and the late David B. Layton, is a grandniece of the late Baron Lister, whose portrait by Wyly Grier was unveiled at the new Banting Institute by Lord Moynehan. Above are shown charming camera studies of Mrs. Richards and her handsome young son, Master John Layton, who, with Miss Elma Layton, are the only grandnieces and nephew of the late Baron Lister, residing in Canada.

Camosun Chapter Will Celebrate

A milestone in the history of the work of the Imperial Order Daughters of the Empire in Victoria will soon be reached, when on November 5, Camosun Chapter will celebrate its twenty-first birthday at a tea at the home of Miss Agnes Rockland Avenue. The chapter was the first to be founded in the city, the late Mrs. Rocke Robertson being the first regent, followed by the late Mrs. Henry Croft, who did so much towards building up the chapter and towards promoting the work of the order in general. Plans for the tea were discussed at a meeting held yesterday, the regent, Mrs. A. E. Hopkins, presiding. Mrs. George Miles was welcomed on her return from California. Mrs. P. E. Corby was appointed to represent the chapter at the semi-annual meeting of Provincial Chapter to be held at Burnaby on October 15. The chapter will be represented by members at the Trafalgar Day celebration at the Cenotaph on October 21.

To Speak on Spain

The Overseas League will meet on Monday afternoon in the private dining-room of David Spencer, Ltd., at 4 o'clock, when Mr. H. B. Turpin will be the speaker. Mr. Turpin has chosen as his subject, "Spain and Her Two Great Expositions," having recently returned with Mrs. Turpin from abroad where while in Spain they had the privilege of attending these expositions.

Organ Recitals Begin

This evening at 5 o'clock the first of a series of organ recitals by Stanley Bulley will be given at Christ Church Cathedral. Other recitals in the series will take place on October 22 at 8:15 o'clock, November 2 at 8:45 o'clock and December 10. At the last performance the first two parts of Bach's "Christmas Oratorio" will be given, with the cathedral choir and string orchestra.

"Local artists will assist Mr. Bulley, the cathedral organist, at these recitals. This evening he will play compositions by Rheinberger, Rowley, Mosart and Wesley, and Miss Nora Jones will be the soloist, singing numbers by Schubert and Dvorak.

The programmes for the entire series have been annotated and may be obtained from Fletcher's Music Store and the Memorial Hall, Vancouver Street.

"How did you lose your tooth, Johnny?" asked the neighbor.
"Changing gears on a peppermint bull's-eye," returned the motor bike boy with a broad grin.

MOTHER'S ANGELS

WILLIE WILLIS
By Robert Quillen

"That new kid is dumb. He traded me a used lollipop on a horse's tooth for three wads of gum."

TODAY'S RECIPE

OISH Pudding—One and a half cups of cooked fish, one and a half cups milk, two eggs, two tablespoons butter, two tablespoons flour, one cup cold milk, grated cheese, salt and Cayenne to taste. Heat the milk, add flour and butter blended together, add cheese, fish, salt and Cayenne. Stir well together and remove from fire. Add the beaten yolks and fold in the beaten whites. Bake in a moderate oven until slightly browned.

Queen Helen of Rumania Said To Be Leaving

VIENNA, Oct. 1.—Sorrowing, but determined not to grovel at the feet of King Carol, Queen Helen of Rumania was represented here today as intending to leave Rumania forever.

A Rumanian politician arriving from Bucharest said, after many years she had decided to comply with King Carol's wishes and leave Michael, their bright-faced son and former boy king, entirely to the care of his father.

Among the Queen's immediate entourage it was expected she soon would go to Germany and take up permanent residence near other members of the former Greek Royal Family, themselves denied a home in their native Greece, now a republic.

The Rumanian people have come to consider Queen Helen very affectionately, and have been touched with her self-sacrificing and dignified bearing, the politician said, adding King Carol had been visibly exasperated at the thought he must forego an early coronation.

Writes New Song

NANAIMO, Oct. 1.—Mrs. Frank Reynolds was notified yesterday by the Harold Dixon Publishing Company, of Chicago, that her latest song, "Stingy," has been released. It will be remembered that Mrs. Reynolds wrote the words and melody of "Dreamland Bay," which was dedicated to Yellow Point, Vancouver Island, where the inspiration of the song was received. "Stingy," her latest effort, is a one-step and the tune melody is nicely balanced by the words that should gain for it instant popularity.

Party Postponed

The girls who took part in the Rotary Pageant are asked to note that the party and dance arranged for Friday night at the Crystal Garden has been postponed till Monday night at 8:30 o'clock, when all the pageant girls and their friends are invited to be the guests of the Rotary Club.

Surprise Party

NANAIMO, Oct. 1.—A pleasant surprise was given Mr. and Mrs. G. Pearson by a number of their friends last evening on the occasion of their twenty-fifth wedding anniversary. Following the congratulations to the happy couple, the ladies of the party immediately prepared Mrs. Pearson for a mock marriage ceremony, which was performed by Mrs. O. E. Arbuthnot. Mrs. Pearson, attired in veil and carrying a bouquet of flowers, was escorted to the altar by Mr. William Bowater, Sr. They were followed by Mr. T. Dewar, as page boy, carrying a silver ring on a massive silver platter. Mr. and Mrs. Pearson were supported by Mrs. James Pearson, of South Wellington. The Wedding March was played by Mrs. S. Wright.

Following the ceremony a buffet supper was served. The evening was spent in music, games and dancing. Mr. Charles Livingstone, as leader of the community singing, and Mrs. James Pearson, as accompanist, looked after the musical entertainment. Mr. and Mrs. Pearson were the recipients of many beautiful gifts presented by Mrs. T. Dewar, on behalf of the friends assembled.

Nanaimo W.A. Holds Gift Tea For Hospital

NANAIMO, Oct. 1.—A most successful tea was held at the home of Mrs. George Johnson, Chapel Street, yesterday afternoon, and was under the auspices of the Women's Auxiliary in aid of the Nanaimo Hospital. For the occasion the rooms were bright with autumn flowers, and the tea table, with its lovely appointments, was centred with dainty white Michaelmas daisies and purple asters.

There was a small room set aside for a candy stall, where a large variety of home-made confections was sold. The weather being ideal, "house-house" was indulged in on the porch. Mrs. Johnson, assisted by Mrs. J. Nicholls, president of the auxiliary, received the many guests. Mrs. Fred Newman ably conveyed an excellent musical programme and played efficient accompaniments for the soloists.

Presiding at the tea urns were Mrs. Hunter, Mrs. J. Vipond, Mrs. G. B. Hall, Mrs. J. Nicholls. Mrs. Earle Hall was convener of the refreshment committee, ably assisted by Mrs. James Galbraith, Mrs. A. C. Van Houten, Mrs. Pearce, Mrs. W. Hogan, Mrs. Peart, Mrs. A. D. Hall, and were commended for the dainty delicacies served. Mrs. Thomas Hulman conveyed a stall of home cooking that was a success, assisted by Mrs. Peter Weigle and Mrs. Boothroyd. Mrs. W. Wilson and Miss Ena Brown were joint conveners of the candy stall. Mrs. E. Mitchell proved good salesmanship as a convener of the contests.

The following contributed vocal selections: Mrs. Charles Crawford singing "Look Down, Dear Eyes"; Mrs. Brankston's pupils, little Eddie McEldennan, "The Linnet's Secret"; Mrs. Frank Reynolds, "Sing, Smile and Slumber"; Miss Lillian McDonald, "Where My Caravan Has Rested."

The winners of the contest were as follows: First, Mrs. J. P. Jenkins; second, Mrs. Hope; third, Mrs. Rummig; candy, Mrs. H. L. Good. Mrs. W. W. Gray looked after the gift table.

World Day for Animals, dedicated to St. Francis of Assisi, will be celebrated by a silver tea under the auspices of the local Anti-Vivisection Society. The function, which promises to be well patronized, will be held in New Thought Hall, Fort Street, on October 4, from 3:30 to 6 p.m. The tea table will be in charge of Mesdames Iversen, Riddle, Lawes, Crane, Roseboom, Bonavia, Green, Hills, Lyall, Wykes, Stewart, Walsh, Kitto and Durand. Miss Boss and Mrs. Skilton will have charge of the candy stall. Contributing to the entertainment will be Mme. Vivienot, Mme. Stravrov, Mrs. G. Griffin, Miss Boncher and Miss Doris Fallows. Friends wishing to support the work of the society are cordially invited to be present on Saturday next.

Kitty McKay

By NINA WILCOX FOTNAM

The girl friend says that the ambulance which nearly ran her down was going to pick up a silk manufacturer who was overcome on the street when he found his two daughters going without stockings.

NUT MUFFINS

One cup graham flour, one cup white flour, four tablespoons baking powder, one egg, four tablespoons brown sugar, three-quarters teaspoon salt, one cup milk, four tablespoons brown sugar, three-quarters teaspoon salt, one cup milk, four tablespoons shortening, one-half cup chopped walnuts or pecans.

Mix dry ingredients. Beat egg, add milk and melted shortening. Add to dry ingredients, add chopped nuts. Bake for twenty-five minutes in a moderate oven (400 degrees Fahrenheit).

ATHLETICS CAPTURE SERIES OPENER

Frisch Says Cards Better Ball Club Than Philadelphia

St. Louis Second Sacker Declares American Leaguers Hal All the Breaks in Opening Tilt—Lauds Showing Against Mack's Star Chucker

By FRANKIE FRISCH
Second Baseman, St. Louis Cardinals
(Copyright, 1930, by the North American Newspaper Alliance)

SHIBE PARK, PHILADELPHIA, Pa., Oct. 1.—Win, lose or draw, we've got a better ball club than the Athletics. If today's game is a comparison, they beat us on runs scored, and in the final reckoning I guess that counts, but they had all the breaks with them.

We not only got nine hits off the great Bob Grove, but we lost a half dozen more that had been hit to either side of the path they took, we would have run up more than a half dozen runs.

There was, for example, that line drive by Mancuso in the fourth inning. Gus cracked the ball right on the seam, but it sailed straight to Simmons in left field. Blades was on base at the time, and Gilbert followed with a single, so that tough break cost us at least one run right there and probably two.

FRANKIE FRISCH

HIGHWAY ROBBERY
We had luck twice in the seventh inning. Grimes was on first base and Douthitt shot a ball to Boley's right. Boley made a diving play on the ball and forced Grimes at second base. Then, after Adams singled, I hit a good ball towards right centre, only to see Bishop make a leaping glove catch. Those plays cost us two or three runs.

I'm not trying to take anything away from Philadelphia's defensive

playing. Boley and Bishop, on those two plays, did fine work, but what I wish to emphasize is the fact that we hit the ball hard all afternoon and could get only two runs.

Both Grimes and Grove pitched good games, but of the two I think Grimes was the better hurler today, despite his defeat. Grove was in too much trouble to be a great pitcher this afternoon. I expected more from him after all I had heard about his remarkable speed.

What I had heard and read of the Athletics' punch was borne out. They had only five hits, but each of them was an extra sacker. Simmons, Cochrane and Fox were generally rated as Connie Mack's heavy artillery, and they certainly came through today—two of them with homers, the other with a triple.

PEEVED AT DEFEAT
We're all peeved over this defeat—not because we have lost the first game of the series, but because we lost it after hitting the ball so hard and consistently all afternoon. You can take it from me, this feeling is going to spur us on all the more in the remaining games of the series.

We've bolstered our confidence by our attack against Grove, as he has been held up to us as Mack's best pitcher. We all believe we now can defeat any pitcher Mack can send against us. We may be wrong, of course, but we feel this way because we think the good breaks will begin to come our way from now on.

I want to say a word or two about our young catcher, Mancuso; he certainly caught some all-round game. Then, too, it was his first hit which led to our two runs. His fine catching in the first world series game he ever caught is another reason we will have more faith in ourselves when we take the field for the second game of the series.

CALGARY EASY FOR HAMILTON

Eastern Champions Smother Prairie Team Under 37-8 Score

SIX THOUSAND ATTEND

CALGARY, Oct. 1.—A swift, versatile attack with a powerful line that greatly outweighed their opponents and ploughed through at will for gains, Mike Rodden's Hamilton Tigers, Dominion champions, lived up to all expectations by administering a 37-8 defeat to Walter Sutherland's Calgary Tigers at Hillhurst Park this afternoon before one of the largest crowds that ever witnessed a Rugby event in this city.

Six thousand sat in on the exhibition that marked the Easterners' sixth straight victory of their present Western tour. The indomitable, aggressive fighting spirit of the champions was evident throughout the "Battle of the Tigers," and the Hamilton squad demonstrated beyond a doubt why they are monarchs of the gridiron pastime in Canada.

Hamilton's strongest asset was their great force. Players of outstanding reputation forty-five holes through the Tigers' line. They also used an effective end shift, while Cibo, Leadley and Beano Wright did some fine kicking in the afternoon.

CALGARY CROSSES LINE
Outstanding in the gruelling contest was the achievement of the Calgaryans to double the total of points of all other Western teams against the champions. They also used the honor of being the first team, East or West, to cross the Hamilton's line in two years' time. And the most outstanding play of the game was pulled off by Calgary when Fred received Tom Jenkins' forward pass for a gain of fifty yards, the greatest of the afternoon.

The exhibition game proved a costly one to Calgary, as "Prita" Sandstrom, quarterback and field general, suffered a dislocated shoulder late in the third quarter and had to be carried off the field.

MIXED FOURSOMES TO BE PLAYED AT COLWOOD SUNDAY

A mixed foursome competition will be held at the Colwood Golf Club on Sunday. Competitors may choose their own partners and opponents, and may also arrange their starting time. Half of the combined handicap will be allowed, and post entries will be received.

COAST LEAGUE BALL

At San Francisco: R. H. E. Sacramento 7 11 2. Missions 8 20 0.
(Ten innings)
Batteries—Hubbell, Vinc. Thomas and Wirtz; Knott, Darrough, H. Pille and Brenzel, Hofmann.
At Seattle: R. H. E. San Francisco 6 10 1. Seattle 7 14 2.
Batteries—Davis and Penabaz; Zahner and Cox.
At Portland: R. H. E. Los Angeles 8 16 1. Portland 3 9 2.
Batteries—Harfoot and Hannah; Matis, Casarella and Palano.

Joe McCarthy to Manage New York Yanks Next Year

NEW YORK, Oct. 1.—The New York Sun says today Joe McCarthy, deposed manager of the Chicago Cubs, has agreed to terms with the New York Yankees and will manage the club next season.

THREE FOOTBALL FIXTURES WILL BE HELD SATURDAY

Jokers to Meet Victoria West in Initial Game of Season at Athletic Park

ESQUIMALT TO CLASH WITH SUBURBANITES

Jokers vs. Victoria West, Royal Athletic Park, 2:15 p.m. Referee, P. J. Woodley.
Esquimalt vs. Saanich Thistles, Royal Athletic Park, 4 p.m. Referee, McMillan.
Five C's vs. Victoria City, Beacon Hill Park, 3 p.m. Referee, Robb.
Above is the dish prepared for Victoria's football public as the curtain goes up on the 1930-1931 soccer season, Saturday afternoon, in the Victoria and District Senior League. The fans who wend their way to the enclosure at the Royal Athletic Park, will get plenty of soccer for an opening day, for the officials have arranged a double bill, the first game to start about 2 o'clock. The second fixture will start at seven after a short after the ending of the initial game. In the first game, Jokers will hook up with their old rivals, Victoria West, while Esquimalt and Saanich Thistles, last year's champions, will provide the attraction in the second battle.
At Beacon Hill, Five C's and Victoria City will meet in the third game. Both elevens are well matched and with some new material a great exhibition is expected. Several new faces will appear on all the line-ups, and a better brand of football than last season is expected.

Peggy Pollard and H. Francis Capture Handicap Swimming

Results of the weekly handicap competition of the Crystal Garden Swimming Club, held last night at the Crystal Garden, follows:
Fifty yards, women—1, Peggy Pollard; 2, Winnie Pollard; 3, Betty Pollard.
Fifty yards, men—1, H. Francis; 2, B. Shad; 3, A. Gairnat.
After the events the members were coached in diving by William Clarke and a water polo practice was held.

Poled Out Homers for A's

AL SIMMONS
MICKY COCHRANE
whose four-ply swats greatly aided the Athletics in defeating the St. Louis Cardinals yesterday in the first world series clash. Simmons connected for a circuit in the fourth inning and Cochrane in the eighth. Nobody was on base when the homers were clouted.

MANY TEAMS TO PLAY IN HOOP LEAGUE

Thirty-Two Squads File Entries for Various Divisions of City Loop

SCHEDULE TO GET STARTED OCTOBER 11

Thirty-two entries were received in the various groups of the Victoria and District Basketball Association at a meeting held last night in the Y.M.C.A. The list of entries and the classes follow:
Men's A—Pedens, C.P.S. and Y.M.C.A.
Men's B—West Road, Keating, Sons of Canada and Colonist.
Women's B—Blue Ribbon, J.B.A. (2), and Harmony.
Men's C—Navy, Fountain Service, Royal Oak, Hanburgs, Keating, West Road (2), J.B.A. (2), Pedens, Times and Foresters.
Women's C—Keating, New Method, Standard and Hudson's Bay.
Boys' Intermediate A—Victoria College, K. of P. Hustlers, High School and Normal School.
Senior C—Women's division entry was left open until October 4. President Jack Taylor announced last night that the league would be run off in two halves, with the exception of the senior men's C division. The opening games will be played on October 11.

Mackmen Turn Five Hits Into as Many Counters In Defeating Cards 5-2

Facts and Figures On Opening Clash Of World Series

STATISTICS on the opening world series clash between Athletics and Cardinals yesterday follow: Attendance, 32,285; total receipts, \$152,735; players' shares, \$71,894.85; each league's share, \$12,982.48; commission's share, \$12,452.87; commission's share, \$22,910.25.

Burleigh Grimes Pitches Superb Ball for St. Louis Crew. But Loses First Game of Series to Lefty Grove Before 35,000 Fans at Philadelphia Park

Al Simmons and Mickey Cochrane Pole Out Circuits for Athletics

Cochrane, Bishop and Boley Pull Off Sensational Plays as American League Champions Take One-Game Lead Over National Rivals—Cards Collect Nine Safeties

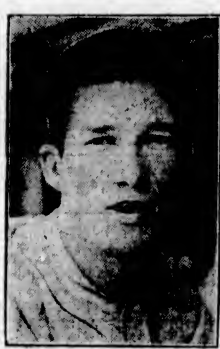

By GRANTLAND RICE
(Copyright, 1930, by the North American Newspaper Alliance)

PHILADELPHIA, Oct. 1.—This is still the day of the big blast in baseball.

The cannonading thunder from five Athletic bats blew out the wire entanglements in front of the Cardinal trenches and left them shattered on the field.

Burleigh Grimes' famous surf ball was deadly on the snipers and the machine gun nests, but it had no effect on the heavy artillery that roared its winning anthem for President Hoover and 35,000 other fans, who sat and shivered in a chilling wind.

As it was, Bob Grove, the tall and willowy left-hander, working for Connie Mack, took the first decision from Grimes and the Cardinals by the count of 5 to 2. The Cardinals

LEFTY GROVE

stirred up the Philadelphia Athletics, who were credited with a victory in the first game of the world series against St. Louis Cardinals yesterday. Although he lost the game, Grove was well respected and was never in serious danger of being

up by brilliant support in all directions—infield, outfield and back of the bat.

The Cardinals had just one chance to win and that blew up in a brilliant play and a tough break. This came in the seventh inning, and it shows upon what thin wires all heroes walk. With one out, Grimes singled. Douthitt rapped a hot grounder on its way to left. Boley made a wild charge for the ball and finally slipped it down back handed with his glove deep in the grass. It was a marvelous stop. Grimes, being a pitcher and in no big hurry, was barely forced at second where a little more speed would have landed him safely.

Adams then singled. Frankie Frisch followed with a line smacker headed directly between centre and right for what looked to be a sure triple when Bishop wheeled over, left his feet and the ball took a shot with one hand. With just a turn of luck in this one fatal round, the Cardinals might easily have piled up three or four runs where not a man scored.

THE BIG BREAK

This inning was the one big break on the chilly afternoon where the wind sang the Winter songs of Baffin's Bay and the barren lands. In spite of the chilly President Hoover, minus an overcoat, followed every play with apparent interest. No one would let him among the ecstatic fans of the nation, but a president isn't supposed to get excited until some one brings up the matter of prohibition, wet or dry.

Which recalls the fact that this first game was played in the wet and dry, and this time the dry rode through safely on the long, slender left arm of Bob Grove. Burleigh Grimes, the leading candidate of the wet, stepped into too many powder magazines just as the fume was lit.

CARDS SCORE TWICE

The Cardinals, a good game club, lost no time in rebuttal. Mancuso and Gilbert ripped into the Athletics for singles. Grimes dropped the ball in front of the plate and in attempting to retrieve it Grove stood on his beam's end, filling the bases. Here looked to be the score. Douthitt and Adams then turned on a pair of sacrifice flies that scored two runs. They soaked Grove for four hits in this inning and his lefty left to get soaked four times on the jaw in one round.

Things began to look serious at this point for the Athletics. It was in the fourth inning that Mr. Mack secured the range again and ordered Al Simmons to hit another home run. Al is a good soldier who obeys instructions. He picked out one of the dampest of the surf ball offerings and pushed it out of the park on a line crack. The score.

The next turn came in the sixth. With one out, Grimes, exuding much moisture from the tip of his tongue, passed Bishop. Jimmy Dykes, one of the best scrappers in the trade, always on the job, lambasted a double to left centre and Bishop came pounding over the plate. A triple by Mule Hays in the seventh and a home run by Mickey Cochrane in the eighth closed out the show as Grove kept crowding the Cardinals back into their cages, although at times they attacked him with the ferocity of hawks.

The last Cardinal chance came in the seventh, an inning already described. Only a little luck was needed here to make this first game an even thing, but modern luck rides on the power of the punch on top of nitroglycerine. A few long wallows can do more damage than a car full of singles and doubles that don't happen to be bunched. And the Cardinals could gang Grove only in the third inning. After that Grove kept his hits as far apart as the outposts of a Siberian frontier. They hit Grove after that, but it was either Keis or Shelleny once said:

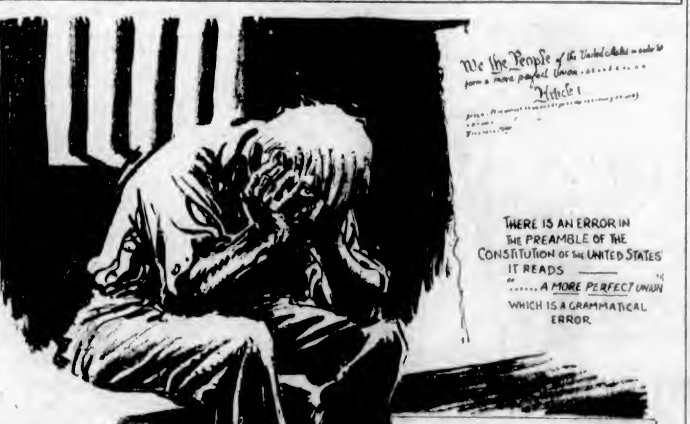

"They wallowed the ball into the chamber, but they couldn't hit him when his meant runs."

A GREAT CATCH

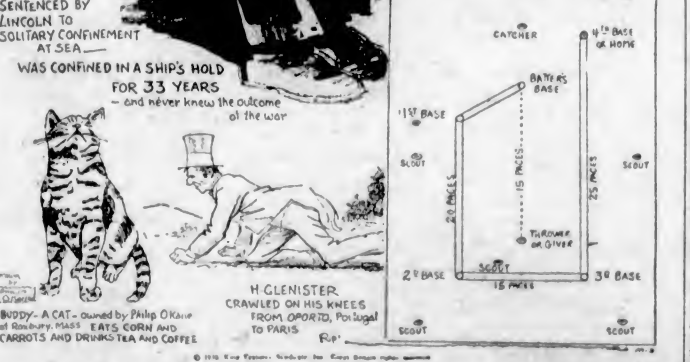

One of the great plays of the day came in the eighth with Hays on second in the wake of a two-bagger, and Mancuso lifted a high foul that spun over by the Athletic bench. Naturally Mickey Cochrane started for it. Mickey even started for long files hit to centre field. They say he chased two of Babe Ruth's home runs to the fence. But this was a tough one to handle, as it came spiraling down within a foot or so of a deep drop into the dugout. As

TEST IT BY TASTING IT!

Jack Donahue, Musical Comedy Star, Is Dead

NEW YORK, Oct. 1.—Jack Donahue, musical comedy star, died at his home here today.

Death was ascribed to complications. He arrived in New York last Thursday from Cincinnati, where he was forced to quit his show because of illness.

Donahue had been called, with George M. Cohan, the last of the old-time "hoofers of the stage," for although he was still on the agile side of forty, he belonged to a generation of dancers only a few of whom have retained their popularity in this tap-dancing day.

Paper money was almost worthless in the early western days of the United States. The situation was almost as disheartening as that of the German mark just after the World War. Abraham Lincoln was fond of telling the following story illustrative of this:

A steamboat going down the Mississippi River ran out of fuel. The captain directed the boat ashore at the first place he saw wood.

"Is that your wood?" asked the captain of a man standing near.

"Sure," was the ready answer.

"Do you want to sell it?"

"Yes."

"Will you accept money—paper currency for it?"

"Certainly."

"How much?"

"Cord for cord!"

SASKATCHEWAN PLANS SURVEY OF RESOURCES

Administration and Control Passes From Federal to Provincial Gov't

TO CONSIDER FUTURE LANDS DISPOSITION

REGINA, Oct. 1.—Before the Government of Saskatchewan formulates its natural resources policy, complete check-up is to be made of the resources handed over to the province today by the Dominion administration. This is announced today by Premier J. T. M. Anderson on the occasion of the province receiving administration and control of her lands, mines, forests, fisheries and water powers.

"It will be necessary to have a careful and complete stocktaking of all the resources handed back to the province," stated Dr. Anderson, "and that will be started as soon as possible, so that there may be no unnecessary delay in the formulation of governmental policies with respect to the future disposition of lands, forests, forests, mines, etc."

"Considerable savings will be effected by the province in the handling of the resources, the premier expects. He referred to the staffs of approximately one hundred and seventy-five men maintained by the Dominion at Prince Albert and Moose Jaw, and mentioned that while sufficient of the Dominion staff will be retained to enable the work to be carried on satisfactorily, the province will not take over the entire staffs.

"For example," mentioned Dr. Anderson, "there are eighteen sub-land agents, mostly purely political appointments, who have never handled any volume of business. Most of these will be eliminated and will not be replaced, as we believe the public can be more conveniently and effectively served if existing provincial officials, such as clerks of the district court, are empowered to handle any of the transactions that were formerly handled by the sub-agents of the Dominion branch."

province will not take over the entire staffs.

Vancouver Island

DUNCAN MARKET PLAN APPROVED

Good Progress With Project Is Reported to Meeting of Chamber of Commerce

BUSINESS MEN ASSIST

DUNCAN, Oct. 1.—There was a good attendance at last night's meeting of the Duncan Chamber of Commerce to hear the report submitted by the home products committee. Mr. Peterson, chairman, reported that after a canvass of forty-three business firms, he had collected \$462 for the market project. There were as many more to be canvassed, and only one business man in Duncan had as yet turned them down. The committee, which is to administer the affairs, will consist of one representative each from the city council, district council, agricultural society and two from the chamber. The plans for the market building will be submitted and approved by the meeting. It will be situated on agricultural society grounds and will have a frontage of 100 feet on Government Street. The committee is now negotiating for the establishment of a cannery in the district.

Mr. Dixon, for the publicity committee, submitted a report in favor of the printing of a thirty-two-page booklet descriptive of the district, and illustrated by twenty-three cuts, at a cost of \$275. These will be used largely for distribution through the British Columbia house at London. The committee's report was adopted. The chamber lent its support to the Salt Spring Island Development League in asking the Dominion Government for the construction of a launch landing at Vesuvius Bay.

A petition has gone to the Post-office Department asking for a rural mail route between Somers and Chemainus. A counter petition, signed by residents in the vicinity of Westholme postoffice, has gone in against the proposal. The chamber asks that an inspector be sent into the district to investigate the situation.

A request from Nanaimo was received, asking for support for an application to the Dominion Government to establish a national park north of the Alberni Canal, and to construct a highway from Spruce Lake to Long Beach. The chamber decided to defer action on the first proposal until more detailed information could be obtained, but gave its full support to the second proposal.

The dangerous approach to the Tanser railway crossing was brought to the attention of the meeting, and the company will be asked to have the brush cut away so as to give an unobstructed view.

CONSERVATIVE CLUB FORMED AT LANGFORD WITH FORTY MEMBERS

A well-attended and enthusiastic meeting was held on Tuesday evening in the Women's Institute Hall, when the Langford Conservative Association was formed and the following officers elected: President, T. Hayward; first vice-president, O. Alkman; second vice-president, D. Bullen; third vice-president, Mrs. H. C. C. Bennett; secretary-treasurer, H. C. C. Bennett; executive committee, Mrs. G. Alkman, Mrs. W. H. Smith, Messrs. W. H. Smith, J. Douglas and H. A. Hincks. Over forty members were enrolled and many others are expected to join. Meetings will be held regularly at Langford Lakeside, the next general meeting being on Tuesday evening, October 28, at 8 o'clock.

NANAIMO BOWLERS

NANAIMO, Oct. 1.—In the bowling games played on the local alleys last night Billard Rooms took two out of three from the Western Fuel Shops in the Commercial League. A Bell was high with 244, and B. McVay high average with 207. S.O.S. took two out of three games from the Good Eats. Mrs. Cameron was high scorer with 179 and high average with 155.

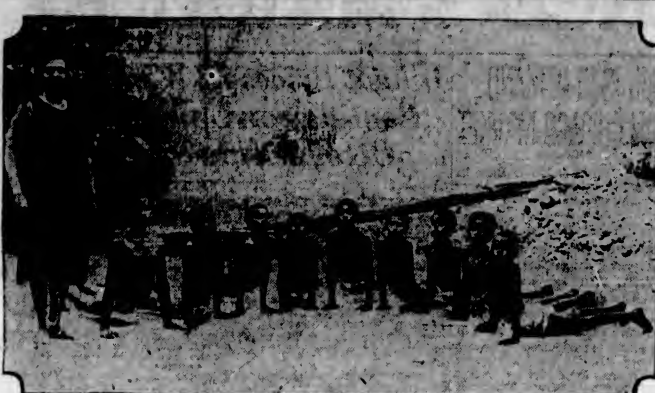

Visitor—"Do you pay for jokes?" Editor—"Yes, your laughs are at our expense."

From Mother of Six

"I am the mother of six healthy children. I am 39 years old and I do all my own housework including washing and sewing and I feel well and strong. I used to suffer a good deal as women do and nothing helped me much. I have been taking Lydia E. Pinkham's Vegetable Compound in tablet form and it is the best medicine I ever used. I will tell any woman more about it if she will write to me."—Mrs. J. H. Lehr, 662 Seymour Street, Vancouver, British Columbia.

president Alberta Motor Association, Edmonton; C. Robertson, secretary, New Westminster branch of the Automobile Club of British Columbia; D. E. McKendle, president of the Automobile Club of British Columbia; A. C. Emmett, secretary, Manitoba Motor League; W. J. Graves, vice-president, Manitoba Motor League; R. A. Godson, director, Alberta Motor Association, Edmonton; A. G. Balin, Lethbridge; F. R. Brason, manager, Calgary branch of the Alberta Motor Association; R. T. Pendray, Calgary; Henry B. Hicks, Vancouver; Rev. Montague W. J. Bruce, Victoria; E. Baynes, Vancouver; E. Stuart Davidson, Chilliwack; R. E. Webb, Victoria; W. W. Rose, secretary-manager of Saskatchewan Motor Club; and Major J. Gordon Smith, director of Provincial Bureau of Publicity.

Nanaimo Riding Conservatives to Meet October 4

The annual meeting of Nanaimo Federal Conservative Association will be held in the R. of P. Hall, Duncan, on Saturday at 2:30 o'clock. Delegates will be present from Saanich, Oak Bay, Esquimalt, Cowichan, Newcastle, Nanaimo and the Islands. John Bennett, president, will be in the chair. C. H. Dickie, M.P., who has just returned from Ottawa, will address the meeting, taking advantage of the opportunity to meet the delegates representing the different parts of his constituency. All members are requested to make an effort to attend.

JAPAN RATIFIES LONDON TREATY

Emperor Hirohito Will Probably Attach His Signature to Pact Today

COUNCIL IS UNANIMOUS

TOKYO, Oct. 1.—Japan today ratified the London Naval Treaty. The Emperor Hirohito will affix his signature to the treaty probably tomorrow, and the Gold Seal of the Empire will testify to his action. Late this month the Ambassador to Great Britain, Tameo Matsudaira, will receive it and formally deposit it with the British Government.

Ratification was accomplished by unanimous vote of the Privy Council which, in its recommendation to the Emperor, placed upon Premier Hamaguchi's Government the responsibility for the success of the pact. The council said:

"Relying upon the Government's pledges that it assumes full responsibility for executing an efficient naval replenishment programme and at the same time lightening the nation's taxation burdens, the council deems it right that the Emperor ratify the treaty."

Only the action of India and the Irish Free State now is awaited to make the Three-Power Treaty effective, but it is expected King George of Great Britain will be enabled to sign the document soon after the Irish Dail Eireann convenes on November 19.

The Rhyming Optimist

By Aline Michaelis

AT THE CLOSE OF DAY

In this purple hour
At the close of day,
Flower speaks a flower,
And the roses say:

"Fret not for hereafter,
Grieve at care's success;
Seek the ways of laughter,
And the paths of peace.

As your life discloses,
Changing sun and shade,
Live it like the roses,
Gay and unafraid.

Close your eyes to sorrow,
Cast your fears away;
Picture no tomorrow
That can wrong today."

POULTRY INQUIRY HAS NOT YET BEEN ASKED

Comment Is Reserved on Reports That Pool May Seek Investigation Into Problems

Little comment was offered in official circles here yesterday on reports that members of the British Columbia Poultry Pool might ask for an investigation of the poultry industry of the province. No formal request has been made for such an inquiry, either through the Department of Lands, or by way of application to the Provincial Secretary under the Public Inquiries Act, it was ascertained.

Year by year poultry raising in the province has been spreading from the coast areas, said to be best suited to the purpose, to interior points, where some of the land is better suited to fruit production or other uses. Seasonal changes in the poultry business are to be expected, it was remarked, and depression in Fall and Winter months is not a new circumstance.

PORT RENFREW NOTES

PORT RENFREW, Oct. 1.—W. Pardee had a narrow escape from drowning on Sunday morning when his canoe overturned on the bar of the San Juan River. Pardee managed to get ashore, though in an exhausted condition, and with his clothes torn to shreds through the buffeting of the surf.

Work has commenced with a small crew at Cathels & Sorensen's camp, and it is hoped that next month will see a full crew at work.

Always keep a bottle of BOVRIL in the house

It is so useful when nourishment is needed in a hurry. A cup of Bovril is always a splendid pick-me-up and a quick restorative in convalescence.

The concentrated goodness of prime Beef, it is a wonderful stimulant with no harmful reaction and soon rebuilds your strength.

Mixed with cream cheese or scrambled egg it makes a delicious sandwich paste for bridge parties and afternoon teas: and puts real beef strength into soups and gravies.

Preparations: Bovril Limited, Park Ave, Montreal. Sales Agents: Harold F. Ritchie & Co. Ltd., Toronto.

BOVRIL THE STRENGTH BUILDER

TARDY JUROR CAUSES TRIAL POSTPONEMENT

Hearing of Murder Charges Against Harry Laird Continues Today at Vancouver Assizes

VANCOUVER, Oct. 1.—A tardy juror, arriving half an hour late for the afternoon session of the assize court today, resulted in postponement of the trial of Harry Laird on an attempted murder charge until tomorrow morning.

All evidence in the case had been submitted when court rose for the luncheon recess today, and only the addresses of counsel and Chief Justice Morrison's charge to the jury remained. But, when court gathered at 2:30 o'clock, one member of the panel was missing. Three o'clock came without sign of the missing juror, and when the case had been adjourned until tomorrow morning, word came to the court that he had arrived; but the Chief Justice pro-

ceeded with the best cases, leaving the finale of the Laird trial until tomorrow morning.

CONVICTED ON DRUG CHARGE AT ASSIZES

VANCOUVER, Oct. 1.—Tony Brown was convicted on a charge of having drugs in his possession by an assize court jury today after less than fifteen minutes' deliberation. The convicted man was remanded by Chief Justice Morrison for sentence until the end of the Assizes.

DANGER SIGNALS IN TUBERCULOSIS

Just when we are congratulating ourselves on our victory over tuberculosis in that it is being slowly but surely conquered, we find that in our girls in the teen age, particularly from fifteen to twenty years of age, tuberculosis is actually increasing. That the desire to keep thin, to attain a "boyish" figure is one of the causes must be admitted. However, there are other girls, and also boys, who are not trying to keep thin and yet are afflicted with this dread ailment.

Now is there any way by which parents or the patients themselves can detect the oncoming of tuberculosis?

Drs. J. A. Myers and L. M. Kernkamp, Minneapolis, made a study of 342 girls and boys from ten age to twenty-one in whom they found tuberculosis. They tried to learn what seemed most responsible for the development of the tuberculosis. What danger signals were flashed but passed by which, if they had been recognized or heeded, might have saved long periods of invalidism or even death.

Of the entire group thirty-six per cent gave a history of pleurisy and twenty per cent a history of hemorrhage or blood streaked sputum.

This means, then, that these two danger signals, pleurisy and bleeding, are often the first signs or symptoms of tuberculosis, and if the patient is treated early, good results are most likely to be obtained.

A history of exposure to the condition in the home, office, factory or companions was found in about sixty per cent, which also shows the importance of keeping away from tuberculosis cases.

Another valuable and interesting finding was that excessive energy

HAMBONE'S MEDITATIONS

By J. P. Alley

LIFE IS WHAT YOU MEKS IT, BUT DEYS SO MENNY FOLKS WHUT'S SECH PO' WORKMENS!!

expenditure was the contributing cause in 43 per cent of the cases. This energy expenditure might have been in excessive work, excessive play, not enough sleep because of study or because of theatres and dancing. This is the important time in life when sleep is necessary—growing into manhood and womanhood.

expenditure might have been in excessive work, excessive play, not enough sleep because of study or because of theatres and dancing. This is the important time in life when sleep is necessary—growing into manhood and womanhood.

Underweight was noted in more than half the cases, and a history of colds in about one-third.

Now these are very common straightforward facts for boys and girls to ponder over, and for parents to learn the lesson of what causes most of the cases of tuberculosis in boys and girls of the teen age up to twenty-one years.

Our 57th Anniversary Sale Event

Continues With Many Good Bargains for Today
